**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC, as a small business owner access to fast internet is not only a necessity to my business but my livelihood and survival. I could really benefit from fiber speeds at my home office. Also, having a choice in the competitive market is why my business can thrive and I want to have that choice with my ISP as well. I love having a local business as an option for my internet service and I would love to keep this as an option. Don't leave business owners and consumers with no choice.

Thanks.
